

- The first step to obtain an enhanced driver license in New York State is to take a written test. You will need to study the Driver's Manual (MV-21) or the Motorcycle Operator's Manual (MV-21MC) before you take the test. Both manuals answer many questions about driver licenses and about Motor Vehicles regulations. **Please keep the manual(s).**
- When you pass the written test, you will receive your New York State learner permit.
- If you have a Student Certificate of Completion (form MV-285) from an approved driver education course, you do not have to take the written test. To obtain your permit, see instructions below.
- You can get any of the forms mentioned on this information sheet by calling DMV at one of the phone numbers listed on page 2 of this form, or you can print a copy of any of the forms that are underlined below by visiting our web site at **dmv.ny.gov**

When you take your written test to get a New York State learner permit, please **bring all of the following** with you to the test:

- **Application for Enhanced Driver License or Non-Driver ID Card (form MV-44EDL)** — completed and signed.

NOTE: AGE 16 - Parent or guardian consent **IS** required, even if you have a driver education form MV-285 (Student Certificate of Completion). Please make sure your parent or guardian signs the "Consent Section" on the back of form MV-44EDL.

AGE 17 - If you have a driver education form MV-285 (Student Certificate of Completion), **NO** parent or guardian consent is necessary. Otherwise, parent or guardian consent is required.

AGE 18 & older - **NO** parent or guardian consent is necessary.

HOW TO SCHEDULE YOUR ROAD TEST

You can schedule your road test on-line at dmv.ny.gov/roadtest or by calling 518-402-2100. Please refer to Scheduling Your Road Test By Phone (form RT-3) for all instructions.

TAKING THE ROAD TEST

Please bring all of the following with you to your road test:

- **Valid NYS Learner Permit** — the photo permit you received in the mail.
- **Prelicensing Course Completion Certificate** (form MV-278) or **Student Certificate of Completion** (form MV-285).
- **The vehicle for the road test.** You must provide the vehicle for the road test. Please be sure that the vehicle you will be using for the road test has valid registration and inspection stickers. You must have the **current registration** and **current New York State insurance card** with you.
- If you drive to the road test site, you must also bring a **supervising driver** who is at least 21 years old and holds a license valid for operating the vehicle you will drive during the road test.
- **JUNIOR LEARNER PERMIT ONLY (Ages 16 & 17):**

 - Junior learner permit holders must have a minimum of 50 hours of supervised “practice” driving, including 15 hours after sunset, prior to taking the road test. You must bring a completed **Certification of Supervised Driving** (form MV-262), signed by a parent or guardian.

PLEASE BE ON TIME FOR YOUR ROAD TEST APPOINTMENT.

AFTER THE ROAD TEST

- In most cases, the examiner will tell you the results of the test. If you pass, the examiner will give you a temporary license that is valid for 90 days.
- **If you had a CDL permit**, you will have to return to a Motor Vehicles office to amend your driver license to a CDL. **Wait 7 days** before going to an office.
- **If you had a learner permit** that was **valid for more than one year**, your photo license will be mailed to you in a few weeks. There is **no need to visit** a Motor Vehicles office again.
- **If you had a learner permit** that was **valid for only one year**, you will have to return to the office to pay for the license once the road test results have been entered on the computer. **Wait 5 days** before going to the Motor Vehicles office to pay for the license.
