DESCRIPTION OF ABSTRACT OF DRIVING RECORD

Form DS-242 (Abstract of Driving Record) shows basic licensing information. Most suspensions and revocations are displayed on an abstract while they are open and an additional four years from the date they are cleared. Suspensions for refusal to submit to a chemical test are displayed for five years from the date of suspension. Accidents are displayed for the remainder of the calendar year of the accident date, plus three years. Most traffic convictions will display for the remainder of the calendar year of the conviction date, plus three years. Convictions for operating a motor vehicle under the influence of alcohol or drugs are displayed for ten years from the conviction date. Some serious violations, such as vehicular homicide, are displayed permanently.

Each abstract identifies the motorist, gives the class of license, the current license status, the license expiration date and any restrictions and/or endorsements that limit or expand the driving privilege.

THE RECORD SUMMARY LINE SHOULD ALWAYS BE USED TO DETERMINE THE CURRENT STATUS OF THE DRIVER'S LICENSE OR DRIVING PRIVILEGE.

The **Record Summary Line** is printed just above the "Activity" section. It shows the class of license or permit that is held, and whether the status is Valid, Revoked, Suspended, Cancelled, Surrendered or Approved (for future license privileges after a revocation). It will also show the type of document the motorist has (a permit, a license, a conditional or restricted use license, or a non-driver ID card) and when the license/permit/ID card expires. If the individual has not had a NY driver license or non-driver ID, that information appears on the Record Summary Line as NO NY LICENSE. There will be more than one Record Summary Line if the motorist has a valid license in one class and a valid permit in another class. It is also possible to have a valid non-commercial license while the commercial privilege (CDL) is revoked or suspended (this is shown on more than one Record Summary Line).

Other license information is grouped in separate sections by action type. Each section is separated by a line of asterisks and a heading that identifies the information that is in each section. The **ACTIVITY** section is first, followed by **SUSPENSIONS/REVOCATIONS**, **CONVICTIONS/BAIL FORFEITURES** and **ACCIDENTS**.

The **ACTIVITY** section of the record shows: accident prevention course completion and the period of time for which the point reduction applies; "prohibits" (which prevent transactions from taking place until requirements are met); CDL history information; reciprocity information (a NY license issued on the basis of a valid license presented from another jurisdiction); information that the NY license was surrendered to another jurisdiction; special licenses or privileges (such as conditional or restricted use); and various notes such as stolen license information.

The **SUSPENSIONS/REVOCATIONS** section shows the type of action imposed (suspension or revocation) and the date it took effect, the reason for the suspension or revocation, and the Order number of the suspension or revocation. Suspensions/revocations for moving violations and all reasons other than scofflaws (failure to answer a traffic ticket or to pay a fine) are grouped together and listed in Order number sequence, so they are not always in chronological order. Suspensions for scofflaws are shown after the moving violations and are listed by the effective date of the suspension; the most recent appears first. Two additional fields may be shown: "Complied On" and "Clear On". "Complied On" refers to the date on which all license documents were surrendered. "Clear On" refers to the date on which the suspension/revocation was terminated; the date will be followed by the reason for the termination.

The **CONVICTIONS/BAIL FORFEITURES** section shows: the type of violation the driver was convicted of; the date of the violation; the date of the conviction; the location where the violation occurred; and the amount of the fine ("Penalty"). Additional information that may be shown includes sentence length in days, whether a commercial vehicle was involved and, depending on the violation, the number of points that accompany the violation.

The **ACCIDENTS** section shows: the date of the accident; whether there was a fatality, personal injury and/or property damage; the county where the accident occurred; whether a police and/or motorist report was filed; and, when appropriate, that the accident is excluded from DMV's program requiring a re-examination after a series of three accidents.

A driver with only a Class M or MJ license is limited to motorcycle operation.
