# RENEWAL APPLICATION INSTRUCTIONS

## REGISTRANT INFORMATION

Verify all registrant/carrier information on the top portion of the renewal application. Make any necessary changes or corrections neatly on the renewal application (including contact person, address, fax, email address, and telephone numbers).

### PRISM

New York is a member of the Performance Registration Information Systems and Management (PRISM) program. PRISM is a federal/state partnership that identifies motor carriers with deficient safety records, and ties a motor carrier's safety fitness to the ability to register trucks. PRISM links the Federal Motor Carrier Safety Administration's (FMCSA) motor carrier safety information with the state's motor vehicle registration process.

As a result, IRB requires additional information for the registrant/carrier. In the registrant information section of your renewal application, you must provide the Taxpayer Identification Number (FEIN or SSN); you must also provide the USDOT number of the registrant in this section. If the registrant does not have a USDOT number, you must enter "Registrant Only" in this section.

Additional information is also required for each vehicle. In the vehicle information section, the Safety USDOT number must be entered. This USDOT number must be for the carrier responsible for the safety of the vehicle's operation. If the carrier responsible for safe operation of the vehicle will change during the registration year, check yes or no in the box "Will vehicle safety responsibility change during the year?" The name of the person responsible for the safety of the vehicle must be provided along with his/her Taxpayer Identification Number (FEIN or SSN).

If this information is not complete, your renewal application will not be processed.

In order to obtain a USDOT number or update form MCS-150 on the FMCSA web site, go to:  
[www.fmcsa.dot.gov/registration/form-mcs-150-and-instructions-motor-carrier-identification-report](http://www.fmcsa.dot.gov/registration/form-mcs-150-and-instructions-motor-carrier-identification-report)

### **NOTE: PRISM REQUIREMENT - MOTOR CARRIER RESPONSIBLE FOR SAFETY (MCRS)**

All account holders (carriers) must notify the IRB office within 10 calendar days if the Motor Carrier Responsible for Safety (MCRS) changes. To apply for the change submit a completed Schedule A & C (form IRP-6). In Part 1 of the form select the box "SAFETY USDOT # CHANGE." In Part 4, provide the vehicle information and the new motor carrier responsible for safety information.

## WEIGHT INFORMATION

If your vehicle has a different weight for a jurisdiction(s), that jurisdiction along with the vehicle's weight will appear above the vehicle information.

If you need to change the weight for a jurisdiction, complete the Weight Information in Part 3 of Schedule A & C (form IRP-6), and write "See Attached Schedule" in this section. Please verify that this information is correct.

**\*\*IMPORTANT REMINDER\*\***

We are mandated by the NYS Department of Transportation (DOT) to get a copy of the overweight permit(s) from all IRP carriers that register vehicles at excess weights in New York.

- ◆ Excess weights are as follows:
  - ◆ a tractor that exceeds 80,000 lbs. combined gross weight (CGW)
  - ◆ trucks that exceed their maximum gross weight or bridge formula

**The only acceptable permits to register at excess weights are as follows:**

- ◆ **TRACTORS** (excess weight is anything over 80,000 lbs. CGW)
  - ◆ a current Special Hauling, Divisible Load or Non-Divisible Load Permit
  - ◆ a current Certification to Increase Registered Weight for Overweight Permit(s) (Perm 65). This permit is acceptable only if it was not previously presented to IRB for the vehicle in question, **OR** if you submit it with an expired overweight permit.

- ◆ **TRUCKS**

An overweight permit is required when:

- ◆ the weight of the vehicle is increased to exceed its bridge formula,
- OR**
- ◆ a vehicle is to be renewed at a weight that exceeds its bridge formula.

The weight listed under the first column of the overweight permit chart (next page) is the maximum gross weight at which you may register the vehicle **without** an overweight permit. If you want to **exceed** this weight, you must provide one of the following permits with your renewal application:

- ◆ a current Special Hauling, Divisible Load or Non-Divisible Load Permit
- ◆ a current Certification to Increase Registered Weight for Overweight Permit(s) (Perm 65). This permit is acceptable only if it was not previously presented to IRB for the vehicle in question, **OR** if you submit it with an expired overweight permit.

If you have questions about overweight permits, or if you would like additional information, visit the NYS DOT web site at <https://www.dot.ny.gov>, or contact DOT at:

NYS Department of Transportation  
Oversize/Overweight  
50 Wolf Rd., 1st Floor  
Albany NY 12232-0455  
Telephone: (518) 485-2999 or (888) 783-1685

# **\*\*\*PLEASE NOTE THE FOLLOWING\*\*\***

To comply with New York State Department of Transportation and/or US Department of Transportation mandates, we will not register a vehicle at a higher weight than is listed on a valid overweight permit.

If your vehicle exceeds the bridge formula, or if a valid overweight permit is not provided with your renewal application, we will decrease the New York weight of the vehicle to the maximum weight allowed. We will not call you before making these changes.

## VEHICLE INFORMATION

- ◆ To renew a vehicle exactly as it is listed on the printout, do not make any changes.
- ◆ To add a vehicle not listed on the printout, you must complete a separate Schedule A & C (form IRP-6). You must provide proof of ownership, proof of insurance, and proof of taxes paid (if applicable). If these documents are not submitted, we will not be able to add the vehicle to your account.
- ◆ To replace plates from one vehicle, write "replace plates" next to the plate number area.
- ◆ To delete a vehicle, cross off the vehicle information but leave the vehicle information visible. For deleted vehicles, you must return the IRP plates to our office **immediately** following the expiration date of your registration.
- ◆ To change the maximum gross weight of the vehicle in NY, cross out the weight of the vehicle on the renewal application and write in the new weight. If you change the maximum gross weight of the vehicle in jurisdictions besides NY, you must complete a Schedule A & C (form IRP-6) and provide the new weight of the vehicle for those jurisdictions.
- ◆ To change the insurance company code shown on your printout, cross out the current or incorrect 3-digit insurance company code and enter the new or correct 3-digit insurance company code. You must provide a **scannable, bar-coded NYS Insurance Identification Card** with this change request.
- ◆ If the word "Pending" appears in the "Title Doc Jur" field on your application, please do one of the following:
  - ◆ If the owner of the vehicle and the name on the IRP account are exactly the same person, company, etc., change the word "Pending" to "**Same**".
  - ◆ If the owner of the vehicle and the name on the IRP account are different, change the word "Pending" to the **document number on the NYS certificate of title for the vehicle**, located in the upper right corner of the title document. You must provide a copy of this title certificate with your renewal application.
  - ◆ If the Safety Carrier USDOT number and the Taxpayer Identification number (TIN) are incorrect or need to be updated, cross out the incorrect information and enter the correct information on the renewal application.
- ◆ To change any other vehicle information, you must complete a separate Schedule A & C (form IRP-6). Identify the change to be made on the line marked OTHER in Part 1, and provide any required documents that are needed to make the necessary changes.

Make sure all entries are accurate and printed legibly in ink, because this is the information that will appear on your new cab card. If you make changes that require you to complete a separate Schedule A & C (form IRP-6), write "**See attached Schedule A & C**" on the renewal application.

**DISTANCE INFORMATION - SCHEDULE B (FORM IRP-5)**

- ◆ **ACTUAL DISTANCE** - All actual distance that was accrued for the apportioned fleet from July 1 through June 30 of the previous reporting year, **as printed on your renewal, must** be reported. This information must be entered in the "Actual Distance" column to the right of the jurisdiction being reported. If you have not accrued actual distance during the reporting period indicated on the mileage sheet of your renewal application, check the box at the top to indicate there is no actual distance accrued. The Average Per Vehicle Distance Chart will be used for fee calculation.

**Actual Distance cannot be used in conjunction with the Average Per Vehicle Distance Chart.**

**SIGNATURE**

We cannot process your renewal application without an original signature. The renewal application must be signed by one of the following individuals:

- ◆ registrant
  - ◆ officer of the corporation or company
  - ◆ Power of Attorney (form IRP-1POA, original required)
  - ◆ one member of a partnership or an LLC
1. An appropriate signature from an officer of a company is the signature of a CEO, President, Vice-President, Secretary, Treasurer or Comptroller. The title of the person who signs the application for a corporation must appear under his or her signature.
  2. If any person signs the forms on behalf of a corporation (not an officer), registrant or partnership, that person **must send an original notarized** Power of Attorney. The Power of Attorney must contain the name of the grantee and the name and notarized signature of the grantor. Additionally, it must contain the title of the grantor (who must be an officer of the company - see #1 above).

Photocopies and/or fax copies of the Power of Attorney **are not** acceptable. If you currently have a Power of Attorney on file, a new one **must** be provided for the new registration year.

**Registrations will not be issued unless proper signatures are provided. Renewal forms without signatures, or with incorrect signatures, will be returned.**

## **PROOF OF IDENTITY**

When you renew your account, we require proof of your identity.

- ◆ For individuals, we require a New York State driver license.
- ◆ For partners, we require a New York State driver license.
- ◆ If Power of Attorney is granted either by an individual, partnership or corporation, we require a NYS driver license or 6 points of identification for the person being granted Power of Attorney, as specified on form ID-82.

## **NYS INSURANCE IDENTIFICATION CARDS**

**Before sending us a NYS Insurance ID card, please check it for the above information. If information is incorrect, contact your insurance company or agent for a corrected Insurance ID card to return with your renewal application.**

## **POWER OF ATTORNEY (FORM IRP-1POA)**

If you provide a Power of Attorney with your application, remember that the Power of Attorney must be an **original notarized** document. Photocopies or fax copies of a Power of Attorney are **NOT ACCEPTABLE**. The Power of Attorney must state that the person named as attorney can register vehicles owned by the party granting the Power of Attorney. The Power of Attorney must contain all of the following information:

- ◆ date
- ◆ the name and address of the person designated to act as the Power of Attorney (must use the initials "PA" after his or her signature).
