## **Registration Procedure**

### **Section 78.1 Introduction.**

(a) Section 415 of the Vehicle and Traffic Law, as amended effective January 1, 1963, provides that no person shall engage in business as a dealer, or represent or advertise that he is engaged or intends to engage in such business in New York State unless there shall have been issued to him a certificate of registration as provided in subdivision 7 of section 415 of the Vehicle and Traffic Law. Therefore, any individual, firm, corporation, co-partnership or association engaged in the business of buying, selling or dealing in motor vehicles, motorcycles or trailers, other than mobile trailers, at retail or wholesale, shall be required to make application for registration with the Commissioner of Motor Vehicles and shall not be permitted to engage in the business unless the application is approved and a certificate of registration issued. Any person who sells, or offers for sale more than five motor vehicles, motorcycles or trailers, other than mobile home trailers, in any calendar year or who displays or permits the display of three or more motor vehicles, motorcycles or trailers, other than mobile home trailers, for sale at any one time or within any one calendar month upon premises owned or controlled by him, if such vehicles were purchased, acquired or otherwise obtained by such person for the purpose of resale, will be regarded as a dealer.

(b) A dealer engaged in business consisting in whole or in part of buying, selling or dealing in motor vehicles, motorcycles or trailers at retail shall be required to register as a retail dealer.

(c) A dealer engaged in business consisting exclusively of buying, selling or dealing in motor vehicles, motorcycles or trailers at wholesale is required to register as a wholesale dealer.

(d) A person engaged in the business of buying motor vehicles, motorcycles, or trailers for the purpose of dismantling the same for parts, or re-selling such vehicles as scrap is not considered to be a dealer, and is not required to register as a dealer solely by reason of such business. In any month, a dealer who classifies twenty-five percent or more of vehicles sold as salvage on the certificates of sale, form MV-50, must register as a vehicle dismantler.

### **78.2 Definitions.**

The following words and phrases when used in these regulations shall have the meanings ascribed to them in this section.

(a) New vehicle. A vehicle sold or transferred by a manufacturer, distributor, or dealer, and which has not been placed in consumer use, titled, transferred to someone other than a manufacturer, distributor, or dealer, or used as a demonstrator.

(b) Demonstrator. A vehicle which has not been placed in consumer use but which has been used primarily for the purpose of demonstration by a manufacturer, distributor or dealer.

(c) Used vehicle. Any vehicle not included in the definitions of a new vehicle or demonstrator.

(d) Junk vehicle. A vehicle sold for use other than on the public highways.

(e) Wholesale vehicles. A vehicle sold by a registered dealer to another registered dealer or to a person engaged in wholesale buying and selling of vehicles.

(f) The term "dealer" as used herein includes both a retail dealer and a wholesale dealer unless otherwise specifically noted.

(g) The term "registered dealer" as used herein includes both a registered retail dealer and a registered wholesale dealer unless otherwise specifically noted.

(h) Mobile home trailer. A transportable structure designed to be used for permanent residential occupancy and which is not ordinarily registered as a trailer nor ordinarily towed along a highway.

(i) Sale. A sale occurs when a customer and a dealer sign a binding agreement to purchase and sell a vehicle, or when a customer signs an agreement to purchase a vehicle and a dealer acts upon the agreement, or when a customer delivers to the dealer money or other valuable property as a deposit or as payment in full for a vehicle.

### **78.3 Application for dealer's registration.**

(a) An application for dealer's registration must be filled out in the exact name of the corporation, firm or individual transacting the business. If the registrant is a corporation, the name, residence address and title of each officer is to be entered under the appropriate item on the application which must be signed by an officer of the corporation or a duly authorized agent who has been delegated the power of attorney. If the registrant is a partnership, the signature of each partner is required under the appropriate item, and the application must be signed by one of the partners.

(b) The completed application, necessary enclosures and check or money order should be sent to the Department of Motor Vehicles at the address shown on the form.

(c) Proof of insurance. Before dealer or transporter plates will be issued, the applicant for such plates must present to the commissioner an insurance I.D. card as prescribed by regulations of the commissioner covering any motor vehicle owned or controlled by the dealer and operated under a dealer plate issued to such dealer.

(d) Place of business in New York. An applicant for a dealer registration must have and continuously maintain a place of business in this state. Only a New York registered retail dealer may engage in the buying and selling of vehicles at retail as a business in New York. An application for registration shall be denied or, if one has been approved, such registration shall be subject to suspension, revocation and/or a civil penalty as provided for in section 78.32 of this Part, where the Commissioner has reasonable grounds to believe that such application has been or will be used for the purpose of circumventing the restrictions set forth in section 78.8 of this Part regarding sales away from premises. (Amended 6/22/16)

### **78.4 New motor vehicle dealer provisional registration. (added 6/19/13)**

(a) A new motor vehicle dealer may apply for a new motor dealer provisional registration (hereinafter referred to as provisional registration). The application for a provisional registration shall be filed in such form and detail as the Commissioner shall prescribe, and shall be filed

concurrently with the original application for a new motor vehicle dealer registration. If an application for a provisional registration is denied, the applicant shall not be entitled to an appeal or hearing regarding the denial.

(b) The holder of a provisional registration shall be granted the same rights and privileges as are granted to the holder of a new motor vehicle dealer registration, except that the Commissioner may suspend a provisional registration for the same reasons that a dealer registration is subject to suspension for a violation or violations of this Part or of section 415 of the vehicle and traffic law. If the provisional registration is suspended pursuant to the provisions of this subdivision, the Commissioner shall provide the provisional registrant with actual notice of the suspension at least seven calendar days prior to the effective date. The holder of the provisional registration shall not be entitled to an appeal or hearing if such provisional registration is suspended. The holder of a provisional registration shall be subject to the same rules and regulations that apply to the holder of a new motor vehicle dealer registration, except if such rules and regulations are inconsistent with the provisions of this section.

(c) The holder of a provisional registration who has purchased or acquired, or who plans to purchase or acquire, the place of business from a registered new motor vehicle dealer:

(1) shall not sell or transfer a vehicle unless it has in its possession a proof of ownership or transfer document in its name;

(2) shall not engage in business in the name of the selling or transferring new motor vehicle dealer registration;

(3) shall not use any dealer plate, dealer issued plate, or unused certificate of sale that had been issued to the selling or transferring registered new motor vehicle dealer by the Department;

(4) shall display the provisional registration in a conspicuous manner.

(d) If a new motor vehicle dealer with a provisional registration purchases or acquires a place of business from a registered new motor vehicle dealer, then within thirty business days of the issuance of the provisional registration, the dealer must ensure that (i) a certificate of sale is issued transferring ownership of all vehicles included in the sale or transfer and (ii) the new motor vehicle dealer registration, all dealer plates, dealer issued plates, and unused certificates of sale that had been issued to the selling or transferring dealer are surrendered to the Department or are accounted for.

(e) If the Commissioner has suspended a provisional registration, or if a provisional registration has expired, and the dealer that held such provisional registration has not obtained a valid new motor vehicle dealer registration, then all dealer business operations at that location shall immediately cease, and the dealer shall surrender the provisional registration, all dealer plates, and all certificates of sale to the Department.

(f) The holder of a provisional dealer registration must provide to the Department within thirty days of the issuance of the provisional registration all information necessary for review of the dealer registration application and all required documentation relative to the sale and transfer of the business.

(g) The provisional dealer registration shall expire sixty days from the date of issuance of such registration or when the Department completes its investigation related to the application for a new motor vehicle registration, whichever is later.

(h) The holder of a provisional dealer registration must notify the Department immediately if the opening of the dealership is cancelled and such holder must return all supplies within ten days.

### **78.5 Display of business certificate.**

The official business certificate of registration (form MV-61U) must be displayed conspicuously in the dealer's place of business. This certificate is issued in addition to the regular registration stubs which accompany the dealer or transporter plates.

### **78.6 Amendments to registration.**

(a) Change in members of a partnership or officers of a corporation.

(1) The Department of Motor Vehicles must be notified immediately, in writing, if there is a change in either the members of a partnership, or the officers of a corporation, registered as a dealer. Notification must contain the name and residence address of the new member or officer and the member or officer who has been succeeded. Notification must be sent to the Department of Motor Vehicles at the address shown on the amendment form.

(2) The registration of a dealer in the names of two or more persons as partners or otherwise shall not expire on change in ownership as long as one person named as a partner remains the owner or part owner. This policy applies also where two or more partners increase the number of partners but does not apply where an individual forms a partnership nor where a corporation is involved.

(3) In effecting a change it is necessary for the dealer to submit an amendment form, MV-82, with the required number of certificate stubs, the certificate of registration and the stubs in the old name.

(4) In those cases where a partnership is dissolved the partner leaving the firm is required to affix his signature to the amendment form in addition to the signatures of the remaining partners.

(5) REPEALED 1/17/85.

(b) Change of address, name or status. The Department of Motor Vehicles must be notified on the amendment form:

(1) within 30 days of any change of address;

(2) immediately if the name of the dealership or the name of the individual owner, a partner, or a stockholder of more than ten percent of the shares changes.

### **78.7 Assumed names.**

(a) Whenever a dealer files a certificate of doing business under an assumed name with a county clerk, the dealer shall also file a copy of the certificate with the Commissioner.

Thereafter, the dealer may do business in either his real name or his assumed name. A dealer may have any number of assumed names without needing additional dealer registrations if every assumed name begins with the same word or name. However, if the assumed names begin with different words or names, then a separate dealer registration is required for each name.

EXAMPLE: John B. Smith Motor Cars, Inc., may have the assumed names John B. Smith Ford, John Boy Chevrolet and John and Jill Toyota under a single dealer registration. The assumed names Johnny's Dodge, Honest John Buick and JBS Volkswagon would require three dealer registrations.

(b) When a dealer sells a vehicle for which the proof of ownership is in an assumed name, the certificate of sale (form MV-50) shall be written in the dealer's actual name dba the assumed name.

EXAMPLE: Triple Q Ford, Inc., a registered dealer is permitted to do business under the assumed name Triple Q Jaguar. When the dealer receives a Manufacturer's Certificate of Origin from Jaguar Manufacturing Corporation, it is made out to Triple Q Jaguar. When the car is sold, the name of the dealer must appear on the MV-50 as Triple Q Ford, Inc. dba Triple Q Jaguar.

(c) A dealer will be responsible for all transactions conducted by it, whether in real name or assumed name. Any suspension or revocation action, or imposition of a civil penalty, will apply to all dealer registrations at one location.

### **78.8 Sales away from premises.**

(a) Except as otherwise provided in subdivisions (b) and (c) of this section, a dealer shall make all sales at the registered place of business.

(b) A dealer may make a sale at the home or place of business of a customer.

(c) A dealer may conduct a maximum of two (2) sales per calendar year at additional locations if:

(1) written authorization is issued by the regional director of the Division of Vehicle Safety Services in the region in which the dealership is located, and such written authorization is kept at the booth or desk of the dealer in the away-from-premises location. Such authorization is not required to sell one or more vehicles at an auction to which only wholesale purchasers are admitted;

(2) the dealer staffs, for the entire duration of the sale, a booth or desk at the away-from-premises location which has the dealer's name, registered street address, registration number and telephone number displayed proportionate to the size of the sign or in letters at least four inches high with a stroke of three-fourths of one inch on a sign at least 18 square feet in size. All sales must take place at the booth or desk; (Amended 8/05/15)

(3) the dealer keeps all security items (e.g., forms MV-50 and MV-TCR) in a secure safe or locked drawer at the booth or desk, if they are brought to the away-from-premises location.

(d) The appropriate regional director of the Division of Vehicle Safety Services shall authorize away-from-premises sales for a dealer if:

(6) the sale location complies with all applicable local zoning requirements and, if required, all necessary permits have been acquired and are maintained at the dealer's registered location. (Added 8/05/15)

(e) The provision of subdivision (c) of this section regarding the maximum number of sales per calendar year and the provision of paragraph (2) of subdivision (d) of this section regarding the location of sales shall not apply to sales of recreational vehicles. ### **78.9 Electronic Recordkeeping and Transmission of Information Related to the Sale of Vehicles.**

(a) Vehicle Electronic Reassignment and Integrated Facility Inventory system. Except as provided in subdivision (c) of this section, dealers are required to use the Vehicle Electronic Reassignment and Integrated Facility Inventory (VERIFI) system to transfer ownership of all vehicles and record vehicle sales. Dealers are required to:

(1) Sign a facility participation agreement with a vendor selected by the commissioner;

(2) Use the VERIFI system, as prescribed in the vendor's facility participation agreement;

(3) Electronically transmit the information set forth in the book of registry, records of paper MV-50 forms, and records of paper temporary certificates of registration;

(4) When an electronic MV-50 cannot be issued due to the nature of the sales transaction, such as a sale to a party in another state, use a paper MV-50 pursuant to the terms in the facility participation agreement, and record required data in the

VERIFI system via the methods prescribed by the VERIFI facility participation agreement. Data recorded on any paper MV-50 must be entered into the VERIFI system no later than the time of issuance of the paper MV-50 to the buyer;

(5) Maintain an active and valid account with the VERIFI vendor, per the terms of the facility participation agreement, in order to issue electronic MV-50s and to receive and issue paper MV-50s. Failure to maintain an active and valid account with the VERIFI vendor and follow the procedures set forth in the facility participation agreement shall be a violation of this subdivision.

(b) Fees: The fee for each electronic Retail or Wholesale Certificate of Sale (MV-50 or MV-50W) shall be the same as the fee for the paper version of the form, as set forth in Vehicle and Traffic Law section 415(6). Dealers must pay a per transaction fee to the vendor, as set forth in the facility participation agreement.

(c) Exemptions:

(1) The Commissioner may, upon written request, in a form prescribed by the Commissioner, exempt a dealer from the requirement to use the VERIFI system as required by subdivision (a) of this section, provided the dealer:

(i) sells fewer than ten vehicles per year, and

(ii) has two or fewer dealer demonstration and/or transporter plates, and

(iii) is not enrolled in Dealer Partnering Program or a participant in the Dealer Plate Issuance Program, and

(iv) has not had a dealer registration suspended or revoked since the effective date of this section.

(2) Dealers granted an exemption under this section must sign a facility participation agreement with the vendor and pay the appropriate transaction fee for each sale of a vehicle. Within five (5) days of the date of sale of the vehicle, dealers must report required data recorded on an MV-50 or MV-50W to the vendor via paper or by telephone, as specified in the VERIFI facility participation agreement. Failure to maintain an active and valid account with the VERIFI vendor and follow the procedures set forth in the facility participation agreement shall be a violation of this subdivision and shall result in the withdrawal of any exemption previously granted to such dealer.

(3) If a dealer registration is suspended or revoked on or after the effective date of this section, any exemption granted to such dealer under this section shall be deemed void and of no effect.

(d) Exemption from Recordkeeping Regulations: Notwithstanding any other provision of this Part, a dealer who has not been granted an exemption under subdivision (c) of this section, and who complies with the provisions of this section regarding the filing of records via the VERIFI system, shall be exempt from retaining and filing the paper record of the MV-50 form and the temporary certificate of registration for transactions conducted in the VERIFI system as set forth in this Part.

## Sales of Vehicles

### 78.10 Form of certificate of sale (Form MV-50), obtaining certificates of sale and use.

- (a) Form. The commissioner shall design and distribute certificates of sale (form MV-50).
- (b) Obtaining and returning certificates of sale.

(1) The requisition form for certificates of sale should be submitted by mail to the address shown on the requisition form. When reordering books of MV-50's, the requisition form must be submitted with all completed books of form MV-50. The requisition form must be signed by an officer, partner, individual owner, or any person authorized by the dealer.

(2) Old supplies of certificates of sale (form MV-50) should be used up before new certificates of sale are used. However, by March 1, 1993, only certificates of sale with a print date of "2/92" or later may be used.

(3) Within five business days from receipt of a book of certificates, the dealer must notify the Division of Vehicle Safety Services of the department of any discrepancy between the certificates actually received and the certificates purportedly sent. At the expiration of such five day period, in the absence of notification to the contrary, it is presumed that any book of certificates mailed or delivered to a dealer was received by the dealer intact and the dealer will be required to account for all certificates so mailed or delivered to him.

(4) Books of form MV-50 must be kept in a safe place where they will not be accessible to persons not directly connected with the dealer's business. No dealer shall lend a book of certificates of sale or any certificate of sale. A dealer shall be in violation if unable to satisfactorily account for every MV-50.

(5) REPEALED 9/1/91

- (c) Use.

(1) Certificates of Sale. Form MV-50 shall be issued only if the vehicle is owned or controlled by the dealer or the dealer is making a courtesy delivery as described in subdivision (3) of this section. Form MV-50 must be used to transfer ownership of all vehicles owned or controlled by the dealer, in addition to any other forms, such as a certificate of title, required by these regulations.

(2) It is the responsibility of the retail dealer to classify each vehicle as retail or wholesale. If the vehicle is sold at retail, the dealer must further classify the vehicle as "New", "Used", "Demonstrator" or "Salvage" by checking the appropriate box or boxes at the top of the form.

(3) A retail dealer selling a vehicle as "Wholesale" or "Salvage" shall write "VOID" on the MV-TCR for that vehicle and leave the MV-TCR attached to the MV-50.

(4) A wholesale dealer must use Wholesale MV-50 (without MV-TCR attached) and classify each vehicle as wholesale by checking the appropriate box at the top of the form.

(5) The dealer must use a certificate of sale in transferring the ownership of all vehicles, including dealer-to-dealer and out-of-state sales.

(6) A form MV-50 marked "wholesale" will be valid only as proof of ownership. It will not be acceptable for registration purposes.

(d) No dealer shall transfer a certificate of sale (form MV-50) which is not completely filled out including signature to another dealer or any person, except that unused certificates of sale must be returned to the Department of Motor Vehicles, with the MV-TCRs attached.

(e) Courtesy delivery. A courtesy delivery occurs when a dealer is responsible for delivering a vehicle sold by another dealer, obtaining title and registration for the vehicle and collecting any sales tax which may be due. A dealer may choose to treat a courtesy delivery as a vehicle owned or controlled by that dealer.

### **78.11 Procedures to be used for certificates of sale.**

(a) Procedure for 1972 or older model year vehicles and other vehicles not subject to certificate of title law. Whenever a vehicle which is not subject to the certificate of title law is sold, the following procedure will be used by the dealer.

(1) Certificates of sale must be issued in consecutive order.

(2) Certificates of sale must be prepared by typewriter, ink or indelible pencil; signatures must be written in ink or indelible pencil.

(3) The certificate of sale must contain a complete and correct description of the vehicle, the full name and address of the previous owner, the last registration plate number, the number of the dealer's plate loaned, the number of the temporary certificate of registration issued, the number of any registration plate issued by the dealer, the dates of purchase and sale, and the plate number of the applicant. The box entitled "Purchaser Information:" must contain the name and address of the purchaser or a designee of the purchaser. The certificate of title will show this name as the owner. The certificate of sale must be signed in ink by the person named in the box entitled "Purchaser Information."

(4) Dealers are required to enter on the certificate of sale the weight of the vehicle fully equipped and ready for use on the highway.

(5) Dealers shall sign certificates only at the time of issuing them to purchasers. The signing of certificates in advance of their use is forbidden. A person signing as a partner, corporate officer, or agent, must so indicate below his signature.

(6) The applicable portions of certificates of sale will be completely executed by the dealer and will contain the correct year of manufacture and the same motor, serial or identification number as appears on the vehicle which is to be sold. The dealer must place an entry in each block of the certificate of sale except those portions which are to be completed by the purchaser. In the event the information requested does not apply to the sale, the dealer will place the letters "NA" (not applicable) in that block.

(7) The certificate of sale must set forth the actual residence address of the purchaser. Use of a New York mailing address where the purchaser does not reside in the State at such an address is not permitted. When the purchaser is in military service and has only a military residence address, such address must be used.

(8) Certificates of sale issued for used house trailers need not contain inspection information if the trailers will not be registered. The dealer will mark, "Vehicle not to be registered" across the face of all copies of the certificate of sale.

(9) REPEALED 9/1/87.

(10) When a certificate of sale is voided, all copies must be sent to the department.

(11) When a purchaser of a vehicle reports the loss, theft or destruction of a certificate of sale, the dealer is required to issue a replacement. The notation, "To replace lost, stolen or destroyed (whichever is appropriate) MV-50 # \_\_\_\_\_" must be placed on the top of the new MV-50. The dealer must immediately report the loss or theft of an MV-50 to the appropriate district office of the Motor Vehicle Department on a form prescribed by the commissioner (MV-550).

(12) Upon transfer of ownership of a motor vehicle, the mileage shown on that vehicle's odometer must be placed on the certificate of sale in the space provided. If the dealer knows that the mileage indicated on the odometer is less than the mileage actually traveled by the motor vehicle because the odometer is or was broken, repaired, replaced or deliberately reset to a false number, the notation "NOT THE ACTUAL MILEAGE" must be checked. If the dealer knows that the mileage traveled by the vehicle is in excess of the mechanical limits of that odometer, the notation "EXCEEDS MECHANICAL LIMITS" must be checked.

(13) The original of the certificate of sale must be appropriately completed and signed by the retail purchaser after it has been completed by the dealer, except upon the sale of a vehicle included in a fleet sale of five or more vehicles, provided the notation "Fleet Sale" is placed upon each part of the certificate of sale by the dealer. The use of form MV-50.1 on and after June 1, 1991, is prohibited.

(14) This paragraph shall apply if a certificate of sale (form MV-50) used to transfer a vehicle has a print date earlier than 11/89, or if a dealer acquires a motor vehicle by receiving a New York title with a print date earlier than 8/89 or if a dealer acquires a motor vehicle by receiving an out of state title which does not contain full odometer disclosure information.

(i) An odometer disclosure statement (sample form MV-103) must be prepared by the selling dealer for any transfer of ownership transaction for a motor vehicle, whether wholesale or retail. After the seller has completed and signed his portion of the statement, the buyer shall complete any applicable information and shall sign the odometer disclosure statement.

(ii) A dealer shall not acquire a motor vehicle unless a completed odometer disclosure statement (sample form MV-103) accompanies the transfer of ownership.

(iii) This paragraph shall not apply to a transfer of a motor vehicle ten or more model years old, but shall apply to every sale of a motor vehicle nine or less model years old.

(iv) The Department of Motor Vehicles shall provide each dealer with a sample of the odometer disclosure statement (sample form MV-103). This sample is Appendix A of these regulations. It is the dealer's responsibility to print, photocopy or purchase the form. The size of the odometer disclosure statement

should not exceed 7 3/8 inches in width or 9 3/4 inches in height. The New York State seal and the Department of Motor Vehicles logo are optional. Other seals and logos may be substituted.

(v) On a retail transaction, if the dealer submits the application for title or registration or both, the dealer shall submit one copy of the odometer disclosure statement (sample form MV-103) to the Department of Motor Vehicles, give one copy to the purchaser to keep and retain one copy in its records. On a retail transaction, if the ownership papers are given to the purchaser, the dealer shall give two copies of the odometer disclosure statement (sample form MV-103) to the purchaser and retain one copy in its records. On a wholesale transaction, the selling dealer shall give the purchaser one copy of the odometer disclosure statement (sample form MV-103) and retain one copy for its records.

(vi) Dealers shall retain a copy of all odometer disclosure statements (sample form MV-103) for five years and such records shall be available for inspection.

(15) If the odometer disclosure information is on the certificate of sale (form MV-50), then one or two copies of the certificate of sale must be given to the purchaser as follows:

(i) On a retail transaction, if the dealer submits the application for title or registration or both, the dealer shall give the customer copy of the certificate of sale to the purchaser to keep;

(ii) On a retail transaction, if the ownership papers are given to the purchaser, the dealer shall give the purchaser the original certificate of sale to submit with the application for title or registration or both and the customer copy of the certificate of sale to keep;

(iii) On a wholesale transaction, the selling dealer shall give the purchaser the original certificate of sale to be attached to the certificate of sale which the purchaser writes and the customer copy of the certificate of sale to keep.

(iv) The certificate of sale must be signed by both the dealer and the purchaser even if the purchaser does not take possession of the vehicle at the dealer's place of business. The dealer delivering the vehicle to the customer should bring the top three copies of a wholesale or retail certificate of sale to the purchaser for signature. The dealer shall write on the remaining copy of the certificate of sale: "original signed by purchaser."

(b) Procedure for 1973 and later model year vehicles and other vehicles subject to the certificate of title law. Whenever a 1973 and later model year vehicle and any other vehicle which is subject to the certificate of title law is sold, the same procedure in subdivision (a) of this section shall be followed by the dealer with the following additions: (Amended 5/19/99)

(1) In addition to the other material required to be placed on the MV-50, the number of lienholders, if any, must be placed on the lower left hand corner of both copies of the MV-50. The following code should be used: "LO" if there are no liens; "L1" if there is one lienholder; "L2" if there are two lienholders and so forth. Both copies of the MV-50 must be signed. (Amended 5/19/99)

However, if a dealer has completed and filed with the Department of Motor Vehicles an application for registration or title of a vehicle and, within 10 days thereafter, the dealer receives the appropriate filing fees and notification of the desire of the lender to have his lien recorded, the dealer shall, within 24 hours of such receipt, prepare and submit a notice of lien (Form MV-900) properly completed, to the Title Bureau, Department of Motor Vehicles, Empire State Plaza, Albany, New York, 12228, together with the appropriate recording fees and the dealer shall sign his name on behalf of the lienholder in the space provided in the notice of lien (Form MV-900) for the lienholder's signature and shall state on such form, the date when the application for registration or title was filed with the Department of Motor Vehicles.

(2) If a vehicle is eight model years old or newer on the date of loss, the dealer must receive from a retail owner a completed salvage disclosure statement. This statement must be either on the certificate of title or on form MV-103. If form MV-103 is used, it shall be stapled to the certificate of title. The Commissioner will not register or title a vehicle which lacks a necessary salvage disclosure statement. (Added 5/19/99)

(c) Exceptions--sale of a wholesale vehicle. When a vehicle is sold as a wholesale vehicle, the selling dealer need not deliver the certificate of sale, assigned title, or any other proofs of ownership required by regulations of the commissioner upon the transfer of a vehicle to the wholesale purchaser unless payment is made by cash, certified check, or money order, until payment to the selling dealer has been cleared. In lieu of issuing such documents, the selling dealer shall give to the wholesale purchaser a receipt on the letterhead of the selling dealer indicating the wholesale purchaser's right to possession of the vehicle until payment is cleared. Immediately upon clearance of payment, the necessary transfer documents must be delivered or mailed to the wholesale purchaser. If payment does not clear, the selling dealer is entitled to recover the vehicle and the receipt.

(d) Dealers who are also distributors, importers and manufacturers. A dealer who is also a distributor, importer or manufacturer of a motor vehicle, and who is named as manufacturer or first assignee on the manufacturer's statement of origin, shall not be required to use a certificate of sale (form MV-50) in transferring the ownership of a vehicle described on such manufacturer's statement of origin to another registered dealer. The transfer of ownership may be made on the next assignment on the manufacturer's statement of origin. A vehicle so transferred shall not be required to be entered in the dealer's book of registry, but a record of acquisition and transfer must be maintained.

(e) Dealer-issued temporary registration. The provisions of this section shall be applicable to the sale or transfer of a vehicle for which a dealer-issued temporary registration has been issued pursuant to Section 420-a of the Vehicle and Traffic Law and Section 78.23 of these regulations except that they shall be modified as may be provided in Section 78.23.

(f) Submission of certificate of sale and proofs of ownership.

(1) Upon the sale of a vehicle not subject to the certificate of title law, a dealer must give the customer the choice of taking possession of the certificate of sale and ownership document or letting the dealer submit the paperwork for him. If the dealer is to submit the paperwork, he shall submit it within five calendar days after delivery of the vehicle.

(2) Upon the sale of a vehicle subject to the certificate of title law, which vehicle does not have a lien to be recorded against it, a dealer must give the customer the choice of taking

possession of the certificate of sale and ownership document or letting the dealer submit the paperwork for him. If the dealer is to submit the paperwork, he shall submit it within five calendar days after delivery of the vehicle.

(3) Vehicle and Traffic Law Section 2105(b) requires a dealer to submit the application for title if there is a lien to be recorded on the title. Therefore, upon the sale of a vehicle subject to the certificate of title law, which vehicle has a lien to be recorded against it, the dealer shall submit all necessary and appropriate paperwork for the issuance of a certificate of title within five calendar days after delivery of the vehicle to the purchaser. The dealer may not appoint the customer as his agent for the filing of the required paperwork.

(4) If an application for registration or registration and title is being submitted by a dealer, it may be submitted at any motor vehicles issuing office. If an application for title only (title but no registration) is submitted by a dealer, it must be mailed to Title Bureau, Department of Motor Vehicles, Empire State Plaza, Albany, New York 12228.

(5) This subdivision shall not apply to a vehicle for which a dealer issues number plates and a temporary registration (see Section 78.23) or to a vehicle classified as "junk" (see Section 78.45).

#### **78.12 Forms of proofs of ownership.**

Whenever a dealer transfers a vehicle, in addition to other documents required by this Part, the dealer must submit all proofs of ownership for such vehicle showing a complete chain of ownership going back to the last registration of the vehicle, if the vehicle is not subject to the certificate of title law, or to the last certificate of title for vehicles subject to the certificate of title law. The manufacturer's certificate of origin must be submitted upon the sale of any new vehicle. If a dealer has reason to believe a new motor vehicle will be titled in another state or country, he shall endorse the manufacturer's certificate of origin. If a dealer has reason to believe that a new motor vehicle will be titled in New York, or has no reason to believe otherwise, then the manufacturer's certificate of origin need not be endorsed.

#### **78.13 Additional documents required on the sale of a vehicle.**

(a) Invoices or bills of sale.

On the bill of sale or invoice, the retail dealer must also classify the vehicle as a "new vehicle," "demonstrator," "used vehicle," "wholesale vehicle" or "junk vehicle." (b) Used vehicle certification. (Required by section 417 of the Vehicle and Traffic Law).

(1) A retail dealer who sells a second hand motor vehicle to be used on the public highways of this State must deliver to the purchaser a statement as follows: "If this motor vehicle is classified as a used motor vehicle, the dealer named above certifies that the entire vehicle is in condition and repair to render, under normal use, satisfactory and adequate service upon the public highway at the time of delivery."

(2) This statement shall be printed in at least ten point type on the face of the dealer's standard bill of sale which is provided to the retail purchaser upon delivery or acceptance of the vehicle.

The asterisk and the following language shall be printed below the above statement:

Unless a lien is being recorded or the dealer issued number plates, you may submit your own application for registration and/or certificate of title or for a special or distinctive plate to any motor vehicle issuing office. This book shall also contain the name and address of the purchaser of the vehicle, the date of sale, the number of the MV-50 (certificate of sale) issued, the number of the MV-53 or MV-TCR (temporary certificate of registration) issued, and a record of the loan of a dealer's plate to include the date upon which the plate was returned. Where the vehicle is required to be inspected prior to sale, there will be entered in the book of registry the sticker number and date of inspection and the odometer reading when the vehicle is sold. If the vehicle is a vehicle which requires a certificate of title, the number of liens listed on the application must also be listed in such book. If a temporary certificate of registration is issued, the name of the purchaser's insurance company, policy number and date shall be entered in the book of registry.

(2) When a purchaser trades in a vehicle not subject to the certificate of title law to a dealer, the registration renewal stub must be completely filled out, showing the transfer of the vehicle to the dealer and must be signed at the time of trade-in. If the vehicle is a titled vehicle, the certificate of title assigned to the dealer at the time of trade-in must be obtained by the dealer.

(b) Record of ownership of vehicles. The dealer must maintain proof of ownership of all vehicles transferred to him so long as they remain the property of the dealer. A dealer may make copies of all proofs of ownership for his own records if he so desires, but the entries required to be made in the book of registry will constitute the official records of the dealer and must be kept for a period of three years from the date of sale of the vehicle.

(c) Retaining books of forms MV-50 and MV-53. The use of certificate of sale books (MV-50) and temporary certificate of registration books (MV-53) will be continued from year to year.

Unused books should be retained when registration is renewed. However, on and after April 1, 1993, form MV-53 may not be used and form MV-TCR must be issued. A dealer must destroy any remaining, unused MV-53 forms on that date. Dealer copies of issued MV-50 forms must be retained for at least five years from the date of issuance, after which they may be destroyed.

(d) Inspection of records. Records required by the commissioner shall be open for inspection during reasonable business hours.

(e) Computerized book of registry. A dealer may use a computer and approved software to keep a record of vehicles bought and sold, instead of the permanently bound book required by subdivision (a) of this section, if all of the following conditions are met:

(1) The software is approved in accordance with subdivision (f) of this section;

(2) All information required by subdivision (a) for a book of registry is recorded; (Added 3/1/87)

(3) Not later than the fifth day each month, or more often, the recorded information for each vehicle acquired or transferred during the previous month must be printed out and stored in chronological order for at least three years;

(4) The print-outs, including one for the period from the last print-out to the current day, must be made available to an agent of the Commissioner upon request;

(5) The dealer ship notifies the Commissioner which software it has bought at least seven days before using the software. A notice should be sent to the Department of Motor Vehicles,

Division of Vehicle Safety Services, Empire State Plaza, Albany, NY 12228.

(f) Approval requirements for computerized books of registry.

(1) A manufacturer of software may apply for its software for a computerized book of registry to be approved for use by dealerships by submitting a sample of the software with accompanying written explanation to the Department of Motor Vehicles, Division of Vehicle Safety Services, Empire State Plaza, Albany, N.Y. 12228. The Commissioner may request a demonstration of the program. The software will be approved if it meets all the following conditions:

(i) All information required by subdivision (a) may be recorded;

(ii) Once a record is entered into a file, it cannot be modified in any way unless both the original and the revision(s) are printable and are cross-referenced to each other;

(iii) Security features to insure that the program (software) and its components cannot be duplicated are present;

(iv) The program allows for creation of a back-up copy of the record;

(v) The system will automatically reject entry of an odometer reading entered in sales record that is lower than that entered in the purchase record.

(vi) The system must assign sequentially ascending stock numbers on each "add" entry for at least three years; and

(vii) The manufacturer agrees to notify the Commissioner by letter at the above address of each sale, lease or installation of the approved software.

(2) An approval may be suspended or revoked if it is later found out that the software does not meet the requirements for approval or if the manufacturer does not notify the Commissioner of each sale of the approved software.

### **78.26 Advertising and signs.**

(a) A dealer must include either the dealer's name or facility identification number on advertising of any kind concerning the sale, purchase or transfer of motor vehicles, motorcycles or trailers. When a dealer has an assumed name on file with the Commissioner, pursuant to Section 78.7 of this Part, the advertising may be in the assumed name.

(b) Dealers are required to display signs and/or window lettering which are of a permanent nature on the front of the premises occupied by their places of business. Such signs and/or window lettering must contain the actual name under which the business is conducted. The words and/or letters of the signs and/or window lettering must be of a size sufficiently large so that the public may quickly and easily discern said signs and/or window lettering and readily establish the identity of the dealer. The sign and/or lettering must be displayed in a conspicuous place on the front of the premises. When a dealer does business under two or more names, a sign or window lettering in each name is required.

(c) The maintenance or erection of signs which would tend to indicate that the premises occupied by a dealer's place of business are being used or occupied by a dealer franchised to sell new motor vehicles, when in fact the dealer is not so franchised, will be considered misleading advertising and the dealer must remove such signs when requested to do so by the commissioner.

(d) Official dealer sign.

(1) Every retail dealer shall display either an official dealer sign or a sign of a permanent nature, at least three feet by two feet in size, visible at all times from the nearest street or highway, which sign clearly and unequivocally indicates to the general public that the business is one which sells motor vehicles. If it is impracticable for a retail dealer to display such sign so that it is visible from the nearest street or highway, then the commissioner may grant approval for such sign to be posted in an alternate location, if the alternate location provides notice to the general public in a manner that meets or exceeds the notice provided if such sign were visible from the nearest street or highway. (Amended 5/06/15)

(2) An official dealer sign must be three feet wide and two feet high. It must be made of a durable material which will withstand the outdoor elements. It may be either single or double faced. It must be displayed so as to be visible to the public.

(3) The background of the sign shall be bright red and the lettering on the sign shall be white.

(4) The word "REGISTERED" shall appear near the top in an arc which shall have a radius of two feet nine inches. Each letter shall be four inches high with a stroke of three-fourths of one inch.

(5) The facility number shall be placed in a straight line on the official dealer sign in the area directly below "REGISTERED." Such numbers shall be two inch block numbers with a stroke of approximately one-half inch.

(6) Under the facility number shall appear "STATE OF NEW YORK" in letters two inches high with a stroke of one-half inch, in a straight line.

(7) Below "STATE OF NEW YORK" shall appear "MOTOR VEHICLE RETAIL DEALER" on two straight lines, in letters four inches high with a stroke of three-fourths of one inch.

#### **78.27 Dealers failing to renew or retiring from business.**

(a) Dealers who fail to renew their dealer registrations for the ensuing two year period by midnight of the expiration date on their current business certificates are required to surrender their unused books of certificates of sale, temporary certificates of registration and registration number plates issued to them pursuant to Section 420-a of the Vehicle and Traffic Law at once.

(b) Dealers who retire from business must send dealer plates, registration number plates issued pursuant to Section 420-a of the Vehicle and Traffic Law and certificates of registration, certificates of sale and temporary certificates of registration to the Department of Motor Vehicles for safekeeping. If retirement from business is temporary, plates and certificates of sale will be returned to the dealer when the department has been notified that business has been resumed.

## **Transporters**

### **78.30 Transporters.**

(a) Transporter plates are issued to a registered dealer and to any person, firm, association or corporation engaged in a business requiring the limited operation of motor vehicles in order to facilitate the delivery, repair or improvement thereof or the installation of something thereon. In addition to the uses stated above, transporters' plates may be used on vehicles owned by a manufacturer for demonstration purposes. Included in this classification are credit and finance companies, brokers, manufacturers, weighmasters, testers, automobile repair shops, automobile painters, automobile body builders, automobile radio installers and installers of other equipment in or on motor vehicles. Transporters of vehicles from automobile factories or assembling plants are also included in this classification. Transporters must submit proof that they have need for such plates. A retail dealer is not required to have transporter plates if the vehicle is used for any of the above purposes. (Amended 3/19/03)

(b) Proof of insurance. Before transporter plates will be issued, the applicant for such plates must present to the commissioner an insurance I.D. card prescribed by the regulations of the commissioner covering any motor vehicle owned or controlled by the transporter and operated under a transporter plate issued to such transporter.

(c) Use of transporter plates. Transporter number plates issued under this section shall be used only for the limited operation of vehicles owned or controlled by the registrant for the purpose of weighing, testing, dismantling, transporting or delivering the same, or for the purpose of moving such vehicles in connection with making installations thereon or improvements thereto, or the repossession or foreclosure thereof. Transporter plates may be loaned for a period of five days to move a vehicle which has been sold or leased.

## **Penalties**

### **78.32 Penalties. (Amended 6/23/14 and 1/8/14)**

(a) Violation of any of the provisions of Section 415 of the Vehicle and Traffic Law or of any of the regulations herein or the submission of false or misleading information to the Commissioner pursuant to 15 NYCRR §20.17 may result in a hearing which may lead to the suspension or revocation of the dealer's registration and any or all of the number plates. (Amended 1/8/14)

(b) In addition to, or in lieu of, such suspension or revocation, the violation of any of the provisions of section 415 of the Vehicle and Traffic Law or of any of the regulations herein may result in the imposition of a civil penalty not to exceed \$1,000 for a first violation and for a second or subsequent violation not arising out of the same incident both of which were committed within a period of 30 months, a sum of not more than \$1,500 for each violation found to have been committed; provided, however, the penalty for each and any violation of paragraph (c) of subdivision 9 of section 415 of the Vehicle and Traffic Law found to have been committed shall be no less than \$350 and no more than \$1,500. (Amended 6/23/10)

(c) No registration as a dealer shall be issued for a period of one year from the date of compliance with an order of revocation as a dealer if the applicant was the former holder of a certificate of registration as a dealer, or a partner of the applicant was the former holder of a

certificate of registration as a dealer, or any officer, director, or ten percent stockholder of the applicant was an owner, partner, officer, director or ten percent stockholder of a dealer whose certificate of registration was revoked. After the one year period, issuance of a certificate of registration is in the discretion of the Commissioner.

## **Vehicles on Consignment**

### **78.40 Vehicles on consignment.**

(a) A vehicle is on consignment when a dealer agrees to buy or accept transfer of ownership of that vehicle from its owner only if he first succeeds in finding a purchaser for that vehicle.

(b) Upon accepting a vehicle on consignment, a dealer shall promptly enter the acquisition in the book of registry required by Section 78.25 of this Part. A dealer shall not accept a vehicle on consignment unless the owner provides a letter of consignment and proof of ownership.

(c) A letter of consignment shall identify the vehicle by year, make, model and vehicle identification number, shall indicate the price the vehicle owner will accept for the vehicle and shall state that the dealer has authority to sell the vehicle.

(d) A consignment ends when the vehicle is sold or the owner removes the vehicle from the dealer's control.

(e) An owner shall promptly sign his title or transferrable registration to the dealer when the dealer tenders the contract price to the owner. A dealer may request a hearing if an owner refuses to sign over a title or transferrable registration.

(f) A vehicle sold on consignment is a vehicle sold by a dealer. Vehicle and Traffic Law Section 417 applies to motor vehicles sold on consignment. This Part applies to all vehicles sold on consignment.

(g) Upon the sale of the vehicle on consignment, or upon its return to its owner, the appropriate entries shall be made by the dealer in the book of registry.

## **Junk Vehicles**

### **78.45 Retail dealers selling motor vehicles as junk.**

(a) If a dealer is selling a junk motor vehicle to another dealer, a registered vehicle dismantler or a certified scrap processor, he shall give such purchaser an MV-50 marked "wholesale" along with the proof of ownership.

(b) When selling a vehicle as junk to a member of the general public, a dealer shall present a form he had printed, called a Customer's Declaration, to the customer. The form shall identify the vehicle by year, make, model and vehicle identification number. This form must be signed by the customer before the contract of sale is signed. The form shall have an original and one copy. The form shall contain the following four statements:

(1) I declare I do not intend to operate this vehicle on the public highways (including public streets, avenues, roads, etc.) at this time.

(2) I declare that I know I am buying a junk vehicle which is presently unsuitable for operation on the public highways. I know this vehicle must pass inspection before it may be registered.

(3) I declare I know that before this vehicle may be operated on the public highways, it probably needs extensive repairs, the cost of which may exceed the purchase price. The only guarantees about the condition of this vehicle that I have are those I have in writing.

(4) I declare that I have examined the vehicle and that it is described accurately; furthermore, the public vehicle identification number is \_\_\_\_\_ and is on the vehicle.

The customer shall sign the form four times, once after each statement. The dealer shall keep the original of all Customer's Declarations stored in a safe place for a minimum of three years, after which he may dispose of them. Failure to obtain a Customer's Declaration signed after each statement will result in the treating of the sale as the sale of a used vehicle.

(c) The dealer shall give the retail customer form MV-50, the proof of ownership and a copy of the Customer's Declaration. For a non-titled vehicle, the proof of ownership is a transferable registration. For a titled vehicle declared junk, the proof of ownership is form MV-907A (entitled Salvage Certificate). The dealer shall not issue an MV-TCR. This form must be marked "VOID" and left attached to the MV-50. The dealer shall not apply for a title or registration on the customer's behalf.

(d) A dealer selling a vehicle as junk warrants that he is legally entitled to sell that vehicle and that there are no undisclosed liens on it.

#### **78.46 Paper accompanying junk vehicles.**

(a) If a dealer's proof of ownership of a vehicle is a form MV-907, the dealer may submit the form MV-907 and proof of inspection and receive a certificate of title. Upon retail sale, the vehicle must be sold as used. If a dealer's proof of ownership of a vehicle is a form MV-907A, the dealer may submit the form MV-907A, form MV-82, application for title, and form MV-899, application for salvage vehicle examination. The appropriate fee must accompany the request. If the vehicle passes the physical examination, a certificate of title will be issued. Upon retail sale, the vehicle must be sold as used.

(b) If a dealer purchases a vehicle whose proof of ownership is an out-of-state salvage title or junk vehicle certificate or the equivalent, the dealer shall promptly submit a copy of front and reverse of such proof of ownership with a request for an MV-907A. The dealer must appear as the transferee of the vehicle. Every vehicle obtained from an out-of-state insurance company shall be treated as a salvage vehicle and the title for that vehicle shall be treated as a salvage title.

(c) It is expected that dealers will have need for MV-907A forms infrequently. These forms will not be supplied in advance to the dealer. A dealer needing an MV-907A may obtain one by submitting his proof of ownership to the Title Bureau, Department of Motor Vehicles, Empire State Plaza, Albany, New York 12228. A form MV-907A will be mailed back.

#### **78.50 Vehicles repurchased pursuant to the lemon law.**

(a) Upon the repurchase of a vehicle by its manufacturer or a dealer, pursuant to Section 198-a (new car lemon law) or Section 198-b (used car lemon law) of the General Business Law, or arbitration or alternative dispute procedure, the manufacturer or dealer shall mail a notice of such repurchase and the title to the vehicle to the New York State Department of Motor Vehicles, Title Bureau, Empire State Plaza, Albany, New York 12228 within five business days after the repurchase.

(b) The manufacturer or dealer must receive the title or transferable registration from the owner as part of the repurchase of the vehicle.

(c) Any repurchase of a vehicle after an owner has filed, had accepted and paid all fees required for arbitration shall be deemed a repurchase pursuant to General Business Law Section 198-a or 198-b.

# MV-50 COMPLETION INSTRUCTIONS

## INSTRUCTIONS FOR COMPLETING A RETAIL CERTIFICATE OF SALE (FORM MV-50)

### Use ball-point pen – Press hard

1. Dealers registered as “retail” must use only a pink Retail Certificate of Sale (MV-50), even if selling wholesale. Certificates of Sale must be issued in consecutive order.
2. Use a ball-point pen for printing or signing as required to complete each form. All information must be entered clearly and legibly.
3. An MV-50 must be used for the transfer of all new and used vehicles, including lightweight trailers (unladen weight of 999 lbs. or less).
4. In the “**Type of Sale**” box, check the boxes that describe the type of sale you are transacting: whether the sale is wholesale or retail; and whether the vehicle is New, Used, Demo or Salvage.
5. In the “**Fuel Type**” box, enter the letter that corresponds to the fuel type:  
 **G** Gas;  **D** Diesel;  **E** Electric;  **F** Flexible Fuel;  **C** Compressed Natural Gas;  **P** Propane;  **N** None;  **O** Other.
6. In the “**LIEN**” box, ENTER the number of liens on the vehicle. Enter 0 if there are no liens.
7. Enter the inspection certificate number, date of inspection and inspection station number, the plate/permit number or number of the dealer plate loaned. If no dealer plate was loaned, enter N/A.
8. If the vehicle is a **lease buyout**, check the “Lease Buyout (Inspection Not Required)” box.
9. On a retail sale, fill in the **selling price** of the vehicle (*that is, the price paid after an allowance is made for a trade-in, if any*). The amount of sales tax is not to be included in the selling price; the box should be filled in with the amount subject to sales tax. **IF THE TRANSACTION IS A LEASE, SIMPLY PRINT THE WORD “LEASE” IN THE SELLING PRICE BOX.**
10. **Odometer Disclosure** information must be completed for all vehicles ten model years old or newer. Check the appropriate box to indicate whether the odometer has five or six digits. If the odometer is in kilometers, write “km” to the right of the Odometer Reading box.
11. Print full name of dealer or authorized representative. A red stamp on each copy is acceptable for entering the dealer’s name and address, but not the dealer signature. Enter the date, Dealer Fact Sheet Number and the New York State tax number of the dealer selling the vehicle.
12. For all vehicles that will be registered and/or titled outside New York State, give the original MV-50, the title and/or other required proofs of ownerships to the purchaser and the name of the agency of the vehicle.
13. For vehicles to be titled and/or registered in another state, send the original MV-50, the Manufacturer’s Certificate of Origin or the current title, or New York transferable registration, the MV-82, any other required papers and payment to:
  - a. any State or County Motor Vehicle Issuing Office if you are not in the Dealer Plate Issuance Program, or
  - b. Central Dealers, if you are in the Dealer Plate Issuance Program, or
  - c. give the documents to the purchaser if there are **no** liens and he/she wants to title/register the vehicle.
14. For 1973 or newer vehicles that are to be titled but **not** registered in New York State, bring the original MV-50, the Manufacturer’s Certificate of Origin or current title, and the MV-82, and the appropriate fees to any State or County Motor Vehicles Issuing Office, or mail these documents and fees along with a copy of the owner’s driver license to the Title Services Bureau, 6 Empire State Plaza - Rm. 322, Albany, New York 12228.
15. The MV-50 certificate number must be entered in your Book of Registry.
16. Federal requirements mandate that you keep the DEALER COPY (Part 2) of each completed MV-50 for at least five years.
17. The DMV COPY (Part 4) must be retained in serial number order. Completed books, with Part 4 intact, must be submitted with your MV-50 reorder request. If for some reason Part 4 has been ripped out of the book, it must be re-inserted in serial order number.
