

**VEHICLE IDENTIFICATION NUMBER  
FOR HOMEMADE TRAILER**

**INSTRUCTIONS**

1. The owner of the homemade trailer described below (weighing 999 lbs. unladen, or less) must complete this certification in duplicate.
2. The owner must sign the certification, keep one copy, and give the original to the Department of Motor Vehicles.
3. The owner must have the vehicle identification number (VIN) stamped on, or attached to, the chassis of the trailer within 10 days after registering it.
4. This form must be accompanied by a weight slip verifying the unladen weight, and by bills of sale for the parts that were used to make the trailer.

**THIS IS TO CERTIFY** that \_\_\_\_\_ of  
(Owner's Name)

\_\_\_\_\_,  
(Street Address - including Rural Delivery, Box Number or Apartment Number)

City of \_\_\_\_\_ County of \_\_\_\_\_ State of \_\_\_\_\_

\_\_\_\_\_ has filed an application for a vehicle identification number for the homemade trailer described below, and has been assigned number NYA-\_\_\_\_\_.

Year	Make	Type of Trailer (box, boat, utility, camping, cradle, etc.)

I am the owner of the homemade trailer described above, and I certify that it is fully equipped in accordance with the law. Additionally, I agree to attach or stamp the permanent vehicle identification number (VIN) assigned to the homemade trailer described above, on the chassis of the trailer in a position where it can be easily reached for identification purposes. I will do this within 10 days of registering the trailer.

I certify that the information provided above is accurate. I understand that making any false statements on this form is a misdemeanor, in accordance with the New York State Criminal Procedure Law.

➡ \_\_\_\_\_ (Date)  
(Owner's signature - Sign name in full, not initials)

\_\_\_\_\_  
(Motor Vehicles Representative)
